Professional Summary

With a strong foundation in HTML, CSS and Javascript, I've been building projects and learning from Online resources, coding boot-camps, and personal experiments. I'm eager to apply my skills in real-world setting and continue learning from experienced professionals.

I'm looking forward to connecting with like-minded individuals and exploring opportunities in web development.

My skills and qualities are a strong match for the job description. The fact that I am new to the working environment means you will be hiring a passionate and dedicated worker, and someone who can bring new and fresh ideas to the team that will ensure your company maintains its position as a market leader.
